NOTES FROM THE EXECUTIVE DIRECTOR

This was a year of momentum, renewal, and meaningful connection for Big Brothers Big Sisters of Bath/Brunswick. We're proud to share that we reached more children this year – each one paired with a mentor ready to listen, encourage, and help them shine. Every new match is a story in the making, and this year we added many beautiful chapters.

One of our most exciting milestones was reopening our after-school program at Fisher Mitchell Elementary – a program that had been dormant since the pandemic. Thanks to a powerful partnership with Hyde School, we matched high school students as Bigs with younger Littles, reigniting a space full of laughter, learning, and genuine connection. Seeing these relationships grow has reminded us of the resilience of our youth and the incredible potential of peer to peer mentorship.

Beyond one-on-one matches, our group events brought the whole BBBS family together. Whether it was cheering each other on at mini golf, dancing in costume at our Halloween party, or sharing joy at the holiday celebration, these moments helped strengthen our community and reminded every child that they belong.

We also celebrated an incredibly successful year of fundraising, thanks to the unwavering support of individuals, businesses, and community partners who believe in the transformative power of mentorship. Every dollar raised helped us build and sustain relationships that will shape lives for years to come.

We were honored with the Big Brothers Big Sisters of America Platinum Award, given to agencies demonstrating exceptional growth in match retention, program expansion, and positive impact on the youth community.

But success doesn't happen in isolation. It happens because of you – our volunteers, donors, families, staff, and supporters. Thank you for standing with us, believing in our mission, and walking alongside the Littles and Bigs who are building a better future, one relationship at a time.

– Carol Marquis
Executive Director

NOTES FROM THE PRESIDENT

Another year behind us and another year of meaningful relationships for our Bigs and Littles. While the agency faced its share of challenges, the heart of our mission – creating and supporting powerful one-to-one relationships – shone through. From everyday moments to extraordinary experiences, our matches thrived and our community grew stronger because of them.

Together, Bigs and Littles hiked mountains, played games, paddleboarded, built shelves, carved pumpkins, celebrated at Pride events, and cooked meals. In each of these shared moments, they built deep connections, strengthened confidence and self-esteem, and navigated both the simple and complex parts of life – side by side.

At our signature event, Big Night Out, we celebrated these relationships and learned something powerful: every dollar invested in BBBS yields an \$18 return to the community as Littles grow into thriving adults. We also heard from two former Littles who shared heartfelt stories about how their relationships with their Bigs shaped the people they are today – grounded in self-worth, ambition, and healthy relationships.

We began the year with an unexpected gift from the Salka Impact Fund at The Dallas Foundation that will help ensure the long-term financial stability of our agency. Throughout the year, our success was further fueled by the incredible generosity of local businesses and community members. Their enthusiastic support of our fundraising events – through sponsorships, donations, and participation – reflected a shared belief in the power of mentorship. From community members donating to our annual fund to business partners stepping up as major event sponsors, we are deeply grateful for the support that surrounds and sustains our mission.

Looking ahead to 2025, we are setting our sights high. We aim to meet ambitious fundraising goals, expand our programs, grow our matches, and complete a new three-year strategic plan to guide our future. Most importantly, we will continue to provide proven, impactful mentorship to the youth we serve.

With our dedicated board, passionate staff, and committed supporters, I'm confident we'll rise to every challenge and opportunity.

BIG NEWS

We are thrilled to report that Big Brothers Big Sisters of Bath/Brunswick was chosen as a 2024 Big Brothers Big Sisters of America (BBBSA) Platinum Award Winner for program excellence! This award is granted to agencies demonstrating exceptional growth in match retention, program expansion, and positive impact on the youth community.

Out of more than 230 agencies nationwide, we are honored to be one of just 17 organizations to receive this prestigious recognition. This award reflects our unwavering commitment to igniting potential and creating brighter futures for children in our community.

Thank YOU – our supporters, mentors, and partners –for making this possible!

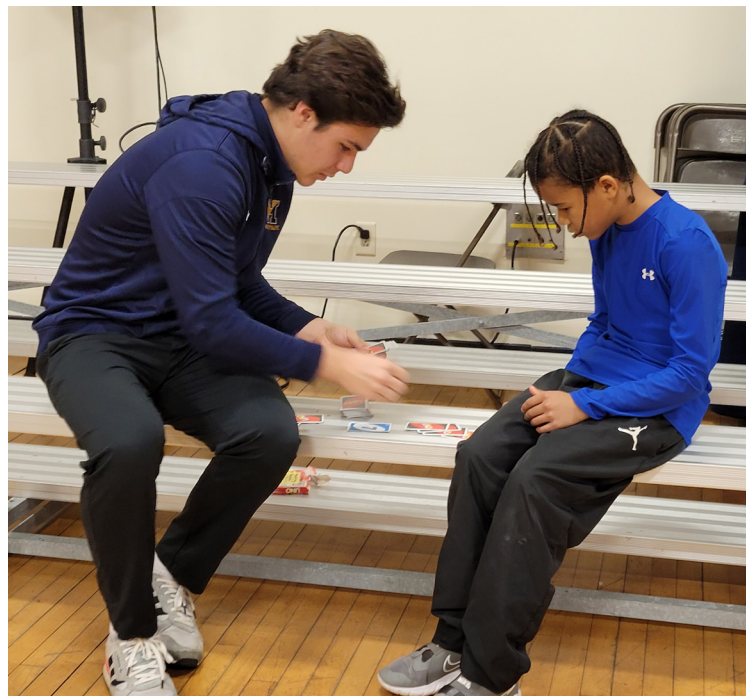

HIGH SCHOOL BIGS & LITTLES

It took dedicated effort for a full year, but our After-School programs are back up and running! In this unique mentoring program, "Littles" are paired with a carefully selected high school student "Bigs" who's not just a mentor, but a friend, a listener, and a positive role model. These are students who've chosen to give their time because they care and want to make a difference in someone's life.

While the impact on the Littles in this program is clear, studies show that becoming a Big Brother or Sister offers high school students the chance to learn about the importance of giving back to others and gain valuable coaching skills.

High school-aged Bigs report receiving several benefits*: improvements in interpersonal skills and abilities, including communicating better, being more patient, and wanting to be a better role model; personal abilities, such as being responsible, reliable, and organized; knowledge of child development; leadership abilities; and interest in working with children as a career.

We are so grateful to the Maine Women's Giving Tree for supporting this program. Other after-school sites to start in the new year include Mt. Ararat High School and Brunswick High School.

BIG BISTRO CAFE

In April, Big Brothers Big Sisters of Bath/Brunswick was graciously invited by the Mid Coast Hospital Auxiliary to form a pop-up cafe at their Grand and Glorious Yard Sale. The partnership would allow visitors to the yard sale access to food and drinks while helping BBBS raise much-needed funds.

Staff, volunteers, and board members served up breakfast and lunch fare during the event, and 100 percent of the sales supported Big and Little matches!

It was a great way for us to be present at one of the largest community events in our area. Thank you to the Auxiliary for letting us be part of this wonderful event to help spread the message of mentorship.

BBBS CELEBRATES

This year, Big Brothers Big Sisters of America marked 120 years of creating and supporting one-to-one mentoring relationships that ignite the power and promise of youth.

Throughout this incredible journey, countless lives have been changed. The organization's 120-year legacy is proof that when we stand together, there's no limit to the positive change we can create.

Congress officially recognized BBBS' 120th Anniversary and the organization's significant contributions to bringing mentorship to youth nationwide by unanimously passing a Congressional Resolution – a historic moment, as it's the first time a Congressional act has been passed since BBBSA was incorporated over 60 years ago. The resolution represents a tremendous accomplishment, paving the way for bigger advocacy efforts that will influence federal policies for the youth we serve.

BIG & LITTLE OF THE YEAR

WARREN & RJ

The Big and Little of the Year Award recognizes a match who shows exceptional commitment and dedication to their relationship and to Big Brothers Big Sisters.

Nine-year-old Warren had waited for 128 days, counting down eagerly for a Big Brother to share his love of video games and adventures. Living in a single-parent household with his mom, Warren yearned for a male role model. His wish was finally granted in November 2022 when he was matched with RJ through Big Brothers Big Sisters of Bath/Brunswick.

RJ brought some history into the relationship, having been a Big Brother to another Little, Zach, for four years prior. Even still, that first meeting was full of nervousness. Would they like each other? Would they have fun together?

The answer to both questions was and is a resounding yes. RJ finds a way to incorporate social and educational lessons into his outings that feel natural and fun. For instance, RJ challenges Warren to conquer anxiety by tackling ropes courses and helps him get better at math while building a bookshelf together. Through golf, RJ helps Warren have patience in getting good at the sport, and through hiking – something Warren says he had never done before – the two act out Zelda video games with sticks as swords. They even finished the Royal River Conservation Trust 400-footer hiking challenge – climbing to the peak of ten destinations in the local area.

Warren brings some much-needed levity to RJ's life and is a joy to be with, he says, and is "as smart as he is funny." While fun is a big part of their relationship, Warren's mom, Barbara, says that the true impact of their friendship has come from consistency. RJ is a male adult who shows up and is always there for Warren, she says – something that had been missing from his life.

While Warren's story has a happy ending, many other children continue to wait for a Big Brother, sometimes for years. One in three kids in America is growing up without a positive adult mentor. The gap between mentorship and the youth who need it most continues to widen due to perceived barriers to the time and expertise required to become a mentor.

Help us spread the word that "it takes little to be big" by sharing our stories with your friends, family, and coworkers. Together, we can make more matches like RJ and Warren!
